EXPERIENCE

For Inquiry: brad@nomadspaceship.com

- Full-stack Web Developer**
Superb Internet
OCT 2017 – Present
Involved with modernizing user admin dashboards, website redesigns, frontend performance enhancements, creating product features, handling support/bug tickets, general product and website work for an IaaS company.
- Email & Web Developer**
Chaminade University
Department of IA, UCM
JUN 2016 – JAN 2017
First department hire for University Marketing & Communications (UCM). Provisioned email services, designed responsive cross-platform email templates, created production workflow for email campaigns. Collaborated on technical evaluations for future web projects and website maintenance.
- Developer & Graphic Designer**
DTL
AUG 2015 – JAN 2016
First technical hire. DTL is an internal startup from WCIT Architecture. Did frontend development, graphic design, and server provisioning and system administration for multiple projects in Wordpress and Drupal.
- Graphic Designer**
University of Hawai'i - Mānoa
College of Natural Sciences
NOV 2013 – JUN 2015
90% remote position. Designed collateral for each of the constituent natural sciences departments, including graduate programs. Designed email and branding assets, printed matter (annual reports, booklets, brochures, newsletters), signage, event photography, marketing strategy.
- Visual Information Specialist**
Joint Base Pearl Harbor-Hickam
FFR Marketing, Navy MWR
DEC 2011 – MAR 2013
Designed print collateral, magazine ads, banners, posters, signage, photography for Great Life Hawai'i Magazine and other internal clients. Oversaw large print runs (10k+ pp) on Canon imagePRESS C7000VP, Canon imagePROGRAF iPF8300S, other industrial print equipment.
- Lead Graphic Designer**
Wincubic.com, Inc. dba
Aloha Street Magazine
DEC 2010 – MAR 2011
Handled international migration of print operations. Standardized and improved their production workflow, did magazine templating, product photography, designed media kits. Interviewed and trained a junior designer. As a result, Aloha Street was able to become a monthly publication.
- Associate Art Director**
PacificBasin Communications
Hawai'i Business Magazine
JUN 2010 – SEP 2010
Designed Hawaii Business Magazine layouts and ads, art directed and edited photography, technical troubleshooting for websites and enterprise CMS. Assisted finance and editorial departments with data analytics and ETL.
- Developer & Graphic Designer**
University of Hawai'i - Mānoa
Honors Program
JAN 2006 – MAY 2009
Designed a simple branding system following the recently-implemented UH System branding protocol. This system included logo branding, print collateral and marketing pieces, new office signage and decals. Designed and developed office websites with ASP and MS Access.

INTERNSHIPS

- Web & Editorial Intern** PacificBasin Communications
Honolulu Magazine
JAN 2010 – MAY 2010
Managed the social media accounts and event calendar, converting print layouts to webpages via CMS, researching and writing web-exclusive content and blog posts. Also did future freelance work compiling and assembling datasets for their annual Public Schools edition for a number of years after.
- ICS101 Lab Assistant** University of Hawai'i - Mānoa
Department of ICS
AUG 2004 – DEC 2006
Assisted with teaching introductory Computer Science lab courses for three semesters. Curriculum taught included MS Office: Word, Powerpoint, Excel (including formulae); Unix CLI, Adobe Dreamweaver, Adobe Photoshop, XHTML and CSS2, SVG, FTP, and other technologies of the era.
- IT Programmer** Department of Finance, R&D
County of Kaua'i
JUN 2004 – AUG 2004
Full-time summer internship. Worked on organizing the backup and migration of older to newer AS/400 mainframes, as well as data retrieval. Ended up automating it with macros and screen detection, and finished in a week. With that complete, I spent the next two months with the IT Help Desk, doing workstation setup/rollout, imaging/cloning, troubleshooting.
